## SECTION H - SPECIAL CONTRACT REQUIREMENTS

The following have been added by full text:

SPECIAL CONTRACT REQUIREMENTS

Technical Documents applicable to this requirement, which include a Distribution Statement other than "A", will not be released with the solicitation. Such documents will be provided separately to contractors who specifically request them from the contract specialist designated in the solicitation and are registered in the Joint Certification Program (JCP), which is managed by the Defense Logistics Information Service (DLIS). The Joint Certification Program establishes the eligibility of a U.S. or Canadian contractor to receive technical data governed by DoD Directive 5230.25. This Directive sets forth policies, procedures and responsibilities for the withholding of unclassified technical data from public disclosure. DoD Directive 5230.4, a companion directive, establishes the distribution marking system for DoD controlled technical documents. To become certified to receive controlled technical documents, contractors must submit a completed DD Form 2345 to the JCO. Refer to [www.dlis.dla.mil/jcp/](http://www.dlis.dla.mil/jcp/) for additional information on obtaining the required certification.
